4. JSS College of Pharmacy, Ooty

JSS Medical College undertake research, clinical trial and education and training in health and allied sciences and extends such sciences to mankind and imparts education and training at JSS University campus. The JSS Medical College, Mysore has many National and international sponsored research projects.

NIVEDI - National Institute of Veterinary Epidemiology and Disease Informatics, formerly known as Project Directorate of Animal Disease Monitoring and Surveillance (PD_ADMAS), ICAR, Bengaluru, Karnataka is one of the reputed National level institutes known for significant contribution to the nation in the field of Animal disease diagnosis and epidemiology. It is pioneer Institute of Veterinary Epidemiology with many disciplines of Veterinary sciences and supported with modern research facilities. NIVEDI also has a long successful history of delivering predicted informatics and solutions for various animal diseases. The institute has been setup under the regulations of Indian Council of Agricultural Research (ICAR).

The collaboration between JSS and NIVEDI is therefore established in the area of mutual interest to both the institution for research activities. It will open the door of post graduate students, faculties and resources exchange for training, research and study.

AIMS AND OBJECTIVES

- To provide prompt and effective diagnostic services for identification of disease problems with an aim to eradicate them.
- To introduce newer techniques in the development of cost effective and efficient biological and diagnostic aids.
- Training of Scientific and technical personnel in the recent advances in the technology of biological production and disease & diagnosis and also to impart knowledge to the farmers in raising healthy animals and poultry.

Statement of Intent

Through this Agreement, each Party intends to facilitate collaboration and cooperation between the Parties in areas of mutual interest for the purpose of enhancing the Parties' contribution to advancing clinical collaboration and medical research. Each Party further intends to learn from the other Party, in a spirit of friendship, equality, and mutual interest.

Scope

Each Party agrees to give due consideration to any request to collaborate and cooperate on any of the following areas:

- Joint research and training programs
- Faculty and student exchange at all levels
- The preparation of joint proposals for external funding

- Collaborate and design clinical trials
- Joint sponsorship of conferences
- Joint publication
- Other such activities as may be mutually agreed upon.

General terms and conditions:

1. It is agreed the collaboration between JSS University, Mysore and NIVEDI be established in the area of mutual interest to both the institutions for training, research and guiding research scholars.
2. JSS University, Mysore agrees to extend facilities for field trial/validation for the products developed by NIVEDI.
3. The implementation and regulation of MOU shall be monitored and discussed by the Vice chancellor or officer nominated by Registrar, JSS University, Mysore and Director/Head of the collaborating institution from time to time and any interim modification/alteration that may be necessary shall be brought in to force.
4. Authorship for publications came out of research work depending upon contribution of the scholars, faculties etc. involved, may be decided by mutual consent between JSS University, Mysore and NIVEDI, Bengaluru, Karnataka.
5. Intellectual Property Rights (IPRs): To protect the expected IPRs generated or likely to be generated during research work shall rest with the institution where the major part of the research work was carried out. In the event of equal amount of work being carried out at JSS University, Mysore and NIVEDI (ICAR), patents/protections/knowledge generated will be shared in proportion as per the 'ICAR Guidelines for Intellectual Property Management and Technology Transfer/Commercialization' as amended from time to time.
6. The MOU shall remain valid initially for a period 5 years from the date of signing of MOU and shall be extendable further on mutual consent.

Activity Agreements

The Parties will facilitate prompt and periodic communication via email or telephone between groups involved in various projects. Will nominate one contact person for each identified project that will be responsible for monitoring and motivating team members to pursue and complete the project in a timely manner.

Duration

This Agreement takes effect on the date both Parties have signed and terminates five years thereafter.

Modification or Termination

The written provisions contained in this Agreement constitute the sole and entire agreement made between the Parties relating to collaboration and any amendments to this agreement shall not be valid unless made in writing and signed by both Parties. Either party can terminate the agreement by giving three months' notice to the other party, but not before one year from the date of this agreement. Notice is effective when deposited in care of each Party's responsible representative, named below, or when otherwise reasonably effectuated.
