### **About SFEC-2022**

The 9th International Congress of the Society for Ethnopharmacology, India (SFEC-2022) (Globalizing Local Knowledge and Localizing Global Technologies) is being organized by SFE - India Mysuru Chapter, ISS College of Pharmacy, ISS Academy of Higher Education & Research, Mysuru and Society for Ethnopharmacology, India during 22-24 April 2022 at ISS Academy of Higher Education & Research Campus, Mysuru, Karnataka, India. The theme of this congress is "Redefining Ethnopharmacology for the global health and wellbeing". This theme evolved after due deliberations with SFE-Mysuru Local Chapter, LOC and leadership of SFE-India mainly focus on the current scenario of constantly changing and evolving Ethnomedicine, encompassing the different systems of traditional systems of medicines, folk medicines, tribal healers etc. Though the technology and science in Herbal drug research and understanding the Ethnopharmacology is reaching its peak, yet the challenges in sustainability, safety, efficacy and quality of herbal drugs remains a challenge. Covid-19 pandemic compelled the mankind in general and the scientific community in particular to look at herbal drugs as a safer, better and reliable alternative medicines to treat and prevent diseases than the modern medicine

Hence this congress adopted the theme, which focus and deliberates on strong rational, newer technologies, better strategies to discover newer drugs and formulations from the nature. The congress will be highlighting on several crucial and contemporary issues on the Ethnomedicine, Ethnopharmacology and Medicinal Plant Research by the renowned scientists across the globe. This will provide an ideal platform to the participants to present their research work, interact, debate and disseminate ideas amongst the distinguished professionals, eminent scientists, technologists, industrialists and traditional health care professionals. On behalf of the JSS Academy of Higher Education & Research, Mysuru, JSS College of Pharmacy, Mysuru, organizing committee and Society for Ethnopharmacology, India, it is our pleasure to invite you to participate in this congress and explore the opportunities.
